

## **World Anthropological Union (WAU) IUAES chamber**

### *Information for all anthropologists and ethnologists worldwide*

The newly formed World Anthropological Union needs your support! WAU has recently been formed by bringing two international organisations under one umbrella: the International Union of Anthropological and Ethnological Sciences (IUAES) and the World Council of Anthropological Associations. Consequently they are now two chambers within one global entity.

WAU is the most comprehensive and all-encompassing world forum of and for our discipline, with both individual and corporate members from around the world within the IUAES chamber along with associational members from across the globe within the WCAA chamber.

For WAU to serve as a global community of anthropologists and ethnologists effectively and democratically, all anthropologists/ethnologists worldwide need to participate by signing up for individual membership of the IUAES chamber within WAU – and all Associations of Anthropology/Ethnology by signing up as members of the WCAA chamber.

The Executive Committee of the IUAES chamber has recently revised the individual membership application/renewal process, subscription rates and collection methods:

- Individual member subscriptions will be annual and will normally be payable along with registration for an IUAES World Congress or Inter-Congress. When a member is not able to attend such an event, payment may be made by PayPal or bank transfer.
- There are now two tiers of individual membership rates (plus a rate for life membership). For 2018, individual membership rates, specified in GBP (£) since the IUAES bank account is based in Britain, are:

For those earning < £ 20,000 per annum (including students), the annual subscription is £ 15

For those earning ≥ £ 20,000 per annum, the annual subscription is £ 40

Life membership (regardless of income) is £ 1000 (single payment by bank transfer)

**We call upon all anthropologists and ethnologists in all countries to become members of the IUAES chamber of WAU. To do that, please visit [www.iaes.org](http://www.iaes.org), click on [Membership](#), and complete the online form.**

Membership carries with it the benefit that you are able to register for IUAES Congresses, Inter-Congresses, and other IUAES events and that you will receive a regular newsletter as well as frequent email news-sheets.

Please note that the next major WAU event is the **IUAES's World Congress** in Florianópolis, Brazil, 16-20 July, 2018: <http://www.iaes2018.org>

Andrew 'Mugsy' Spiegel  
(IUAES Treasurer, on behalf of the IUAES Executive Committee and the WAU Interim Steering Committee)
